## Q 1. What makes this insurance quote process different and better than others I see?

- A.** For one thing, you get quotes from up to 5 leading insurance companies in one phone call. That's a much easier way to compare quotes and saves you legwork and time.

The most important difference is you get more than just estimates from this process. Here, you can actually bind your new coverage over the phone, which means if you hear a quote you like, you can switch companies and put your new insurance plan into effect as soon as the next day, without risking any lapse in coverage. This saves you time, hassles, and worry. It also means you start saving money right away!

## Q 2. Why should I get a quote if I'm satisfied with my current insurance?

- A.** You may be able to get a lower rate or better coverage based on current industry rates/benefits. It's also wise to make sure you're not over-insured in some areas because you may be carrying coverage that no longer fits your situation or that you do not need. Likewise, you could learn you're under-insured based on your current use of your car, improvements to your home, etc. In fact, experts recommend you re-shop your insurance regularly, specifically to make sure you have the current best rate and coverage.

## Q 3. Can I also get a quote online?

- A.** Yes you can. Go to the: 'Enhanced Benefits' link on the My Benefits page of My IN-SITE. However, we suggest associates call because it gives you the opportunity to ask questions and the flexibility to play "what if?" scenarios where you ask for pricing based on different options. Plus, it gives our licensed representatives the chance to ask questions that could result in additional savings. For some people, it's the fastest and best way to get the answers they need to make their decision.

#### Q 4. What if I don't save money and I don't want to switch insurance companies?

- A. That's entirely your decision. There's no obligation and no pressure. Get the information you need with your customized competitive quote, and then you'll know what makes the most sense for you. If what you hear tells you that staying with your current company is best, then that's perfectly fine—you'll have the added peace of mind knowing you have good coverage in place, at least for now. If you learn you can get a better deal and save hundreds of dollars, as many others have, then you can choose to switch if you like.

#### Q 5. What types of vehicles and homes can this program cover?

- A. If you have any of these, be sure to ask for a quote!

- Car
- Truck
- Motorcycle
- ATV
- RV
- Utility Trailer
- Personal Watercraft

##### HOME

- Home
- Condo
